Health & Safety Reminders:

SD61 maintains updated Ministry, BCCDC and District guides on their [website](#) including the **daily health check**

IMPORTANT – Wearing masks is an important step in supporting the health of our school community. As determined by the Ministry of Health masks are to be worn in common areas such as halls and when distancing cannot be achieved. Students received reusable masks in September and we continue to support all staff and students in wearing masks. We understand that at times students will forget masks and have disposable masks available for these occasions. However, to assure the collective responsibility of maintaining Health and Safety protocols and to minimize environmental impact we ask that all students remember their mask everyday. If we notice that students are not remembering, we will be contacting families for support. We also have Esquimalt reusable masks available for purchase at the office along with our Docker Wear. We thank you for your help.

NEW! Remembrance Day Virtual Ceremony – Photo Request

In preparation for our **Remembrance Day Virtual Ceremony on Tuesday, November 10th**, we are inviting all Esquimalt High School community members to submit photos of any family member(s) who have previously, or are currently, serving in the military.

Along with the photo, we ask that you provide their **full name, role/position/rank** as well as the **full name of the student/staff member** that they are connected to. Photos will be incorporated into a video to be shown school-wide on **Tuesday, November 10th**. **Please send all photos and details to Ms. Garr at sgarr@sd61.bc.ca**

NEW! Pathways and Partnership Offerings for Families

The District is offering two opportunities:

Parents as Education and Career Coaches Workshop - November 10, 2020

Careers, Trades, & Transitions Information Evening - November 17, 2020

Both of these will be valuable evenings for your families to attend as children in middle and high school are beginning to think about their future pathways, and parental involvement is a key to success.

Parents will learn about navigating the post-secondary system, as well as the options available to SD61 students through Pathways and Partnerships.

See information posters attached to Docker email.
