

## **Appeals Process**

Applicants wishing to appeal Esquimalt's Challenge Application process may do so via email to the Challenge coordinator within two weeks of receiving notification of non-acceptance.

Appeals must be submitted with relevant new information about the applicant. An appeal will not result in a student gaining a spot in the program, but a successful appeal will ensure that a student is added to the waitlist.

An appeals committee will review the new information and communicate a final decision with family.
